## I. AGB. Terms and Conditions, from 2020.

My name is Martin Bernhardt, geb. Grote, and blue shall be a part of my last flag.

The following Terms and Conditions shall defend work of Dynamic Applications, de jure.

Transparency. Privacy Protection. chance. and Participation. our values.

These AGB, Terms and Conditions (from 2020) are valid from 15 Nov 2019, day of declaration. They define the Terms and Conditions for the Dynamic Applications Project, Customer Orders, Software Products, Hardware, and Website. There was 3 x 2 weeks for Lawmakers and Court to object, according to the Law, beforehand. From this we deduct now our good right of existence.

The formal paragraphs of These AGB, Terms and Conditions (from 2020) are declared and elaborated in detail in Declaration (III) of this document, be low.

in pursuing benefit of the many, at Dynamic Applications, we're creating a platform of small, configurable, self-explanatory, valuable, and most beautiful business planners that we could.

These AGB, Terms and Conditions from 2020, and so my work shall be defended by my self, naturally, Martin Bernhardt, geb. Grote, author and first level support of Dynamic Applications.

Please take note that no profit or gain was gathered from publishing Dynamic Applications. The small fees we got from your Shareware Acquisition (we're so thankful) were not enough to compensate the cost of publication, domains, website hosting and marketing, by far. We are publishing this my work for the benefit of the audience (for you) as a reference work, documenting my work capabilities as a software developer, hoping to be able to feed my small family all by myself, one day. a few people have started to support us by ordering my work, directly, for support of their business.

In case of any financial claim, or other accusation, we choose Amtsgericht Lemgo, EU (D), at the heart of the European Union, to defend any case, as far as and where ever applicable by public law, unless chosen otherwise, declared, confirmed and signed to you by Martin Bernhardt of Dynamic Applications.

Lawyers are welcome to join us under these AGB, Terms and Conditions (from 2020).  
Specific agreements with Lawyers shall only be valid with my written signature.

in public, do main.

one note:

*According to Law and Order in my Country, my family is still defended by Mrs. Britta Holwitt, Lawyer, Oerlinghausen, NRW, in Germany before one Court at my birth place, in a family clarification case (that was important for my own, formal existence).*

*From January 2024, after 5 years, we thank Mrs. Britta Holwitt for her duty and good advice in a difficult time with severe hurt and broken hearts in the beginning of Dynamic Applications. According to her wish from early 2019, she is officially retired from the original contract. Formally spoken, no further duty shall be bound upon Mrs. Holwitt and her family.*

*We recommend the small, personal Lawyer's office (<https://www.anwaltskanzlei-oerlinghausen.de>), as well placed in a Family home, of Mrs. Holwitt and her Family in Oerlinghausen, a nearby small Town, where i went to School in 1975 .. 1988. Mrs. Holwitt is an excellent Lawyer and so we recommend her as a good, honest person.*

*Formally spoken, we see it so that there is one open case according to the book of criminal Laws.*

*In the case aye have accused a Judge of Town of Bielefeld, NRW, Germany (my birth town) of taking hostage of my own child, because i was not admitted to see my child regularly, properly, without any accusation or guilt. I am living here and defending the company office and it was just not granted that i can see my child.*

*That's living without your own soul, demanded.*

*being a good father, i care to day (ref. Art. 3 gg (i) vs. Art. 6 gg (i) .. (iv), Art. 19 gg (iii)). To explain my side, am now using Term 'we (the) people' (not to offend state personal) in the formal AGB, Terms and Conditions (III) (see below) where aye grant all basic rights as well to yourself as we have it here. So we give good example how Law and order shall be, self, because of complete lack of righteous state as aye have experienced my self.*

*my wife's position is that she can bring child to me only when expected according to the court ruling, because we are too poor to afford, otherwise. It's my duty as the family father to clarify with court, as she has not studied at University like myself and so it's not her task. The court order includes a penalty of up to 25 000 €, should parents object.*

*it is of course a family issue, so in past years, explanations on this page were very brief. However, people are asking more and more questions towards the family situation, going along with the wide outreach and success of the project. So i have decided for a bit more explanation, from 2023.12.07 (two years after child was removed from seeing his father).*

*now **here we declare** the Public State as it should be, almost same to the Constitution of the Federal Republic of Germany, with a few amendments where every one is granted good right of food, work, church, home, shelter, and civil citizen ship. At Dynamic Applications, we try to give a good example how the world should be, for every one, with same rights for all we people granted by the public state, defended by my self under Art. 20 GG (4), good right in Constitution.*

*finally, after a few years of not being empowered to see my own child, i have reported case to Public State Attorney as a violation of the book of Laws of Criminal, asking for help.*

*we see it so that one court owes us to be refunded, properly, by judge herself. we argue in line, shall there be art. 1 gg (iii) in relation to art. 3 gg (i), in severe cases (StGB §235), a requirement. We see it so that Judge has violated the book of criminal Laws. But we are kind People, we are not as mean and so we have offered that Judge can work and refund us under agb, her self, no jail demand. Judge refuses to make good to day, you wouldn't believe.*

*We consider our position valid by Law, and proven by the judge's ruling in written statement. So it's a requirement shall Art. 1 GG (3) not fall in the single case, which is prohibited by basic Law.*

*For Courts in question of negation of concern (OLG Hamm):  
a minimal statement was granted by Law, in order to keep up the value of transparency.*

*now we can not share the refund under dna license, properly. but that's our good right (and future task by Law, following from these agb), under art. 19 gg (iii), defended by constitution.*

*because dna license (a refund of 10 € / month) may help in resolving people's right to life (!).  
Book of Moses 5, chapter 27, verse 19: that's against a biblical truth, now a curse.*

*we see it so that all signees of our AGB, Terms and Conditions are affected under same rights for all, including all signees of dna license from July 24, 2023, at minimum.*

*[How shall aye be expected to live on? – in my country, don't we live in the righteous state?]  
So we see it as a requirement that such case be – as well – refunded by the public state attorney.*

*shall we be people, shall we be same. shall we people have been violated in our privacy: home, family, good, or person, so shall we be refunded, orderly, was crime done by state personal.*

*from 2023, and ongoing in 2024, our son has started to visit Father, decided self, regularly, so we say thank you, dear judges of Germany, here we are as honest people before the Law and it's our good right in public declaration. This website was created in honor of Yvonne Bernhardt, our values defined in a blessing of her name. I was born as Martin Grote, she has given family name as she was the only daughter with a child.*

*we proceed as honest people before the Law, and you can join our project and live with us under good right, giving good example self as you prefer. But you don't have to, and so it's standard Law and order if you want. We want to give hope to young people that improvement by Law is possible. We see it so that with the Arrival of Smart phones, there's so much intensive discussion on a global scale, that following from that there is requirement for a few Basic, global Laws for all we people now. We try and declare self how good World Law should be, in example.*

*Should you be from a foreign country, you are invited to proceed as well, concentrating on Top 100 Basic Laws of your Constitution. So we the people can assemble and discuss worldwide priorities based on a substantial contract, a contract that constitutes Land by Law.*

*Shall there Land, for all we people, so shall be Newland, granted by Excellence of Law!*

*at Dynamic Applications, we see it so that we are not above the good rights, Law and order of our neighbours, though. As well we respect all the slowness, all the corruption, faulty deals of early 21st century States, whole World. Forfeiting my good right to fulfill my marriage promise: Let's make this world a better place, together.*

*What's value of a good, basic constitutional right when it's not respected in Court?*

*good news is that we've kept AG Lemgo, Court one of Dynamic Applications, out of this debate.*

*The Judge from AG Bielefeld is protected in her privacy by not mentioning her name, directly. We express in public that she can make good by orderly paying invoice in rates. Invoice was calculated according to the Customer and IT Service conditions with 1000 hours of effort. The rest was free of charge as we also did a few mistakes until reading through all books of Law.*

*so Judge owes refund of 25 000 Euro before Law, unless Judge claims to be poor person, self. Then, it's 10 000 Euro, altogether, Refund for Judge to pay, for violating book of Crime, severely.*

*as aye am bound to AGB, so we declare that we have charged her, orderly, as every customer. so far, not 1 Euro was paid, you wouldn't believe. We declare her debt in public, warn people.*

*Should curse of Bible ever turn the fate of Judge, don't you blame me, as aye've decided spend my time in working for good people, rather, than hunting one Judge self. It's the Task of Public State Attorney one, attending. That's how aye've sworn to defend Land of Constitution, Basic Law, where aye was born, my self, in Civil Service back in 1989. We publish call for duty.*

*We serve our selves, already, for public good created with Dynamic Applications, good plan for small people, delivered mostly free of charge, one by one. Shareware for all true fans of project, grateful to day. Kind people bring cure to man kind, who was severely hurt, with kindness supporting us. Substantial contract, one by one, and if it was 1 Euro to support us.*

*So we are looking for an honest State Attorney left in Federal Republic.*

*Form sign is posted, every page, at bottom, and a few details can be found in Founder's Vita. So that there's hope, because there's always hope, in fighting for good rights of we small people, down here demanding justice granted.*

*We argue, Judge has violated book of crimes, StGB §235 (4) ([https://www.gesetze-im-internet.de/stgb/\\_235.html](https://www.gesetze-im-internet.de/stgb/_235.html)), severely. Just read self to verify.*

*We say that every person was to be same before the Law, in righteous state, including Judge, which was declared in Art. 97 GG (1), where it says: Judges shall be independent, and subject only to the Law.*

*By proclaiming that child may never see father, objected with 25 000 € penalty, the judge has violated good right of father severely, to fulfil first duty according to Art. 6 GG, that parents shall care for children self, and state shall only interfere in situation of serious neglect.*

*From this we conclude that Judge may rule independently, well, but had to consider, has to respect as well the Book of Criminal Law. Where Judge takes custody of child from father, it is a requirement that Judge gives indication where the father has violated the Law, as severely.*

*It shall not be expected from a Judge to take away family children, upfront.*

*When we expressed this towards Judge and Court, the judge revenged herself in that the child was not allowed see father for 18 months, in sequence, and Judge has tried to remove father from position of responsibility self and demand that foreign Lawyer shall defend position of father, against father's will, as father was assumed ill. That's a severe violation of Basic Law.*

*We see ourselves as good family, honest people, working hard to stand on our own feet.*

*Here we have won that case, finally, in August 2022. My position of defending the family self as a father is defended by a ruling of Landgericht Detmold, with president attending, stating that father can very well defend self in Court, is not assumed ill minded or incapable, with no obligation. In the hearing, i've brought forward to court's attention that i have even created Protocol Form self, licensed properly (cc-by-nd), to grant all people to have righteous hearing in court, where judge writes down false protocol. It is delivered with any Dynamic Application, free of charge, and you can use it for important cases, under your own responsibility. Only when i came to point of refund, court's president suddenly became quite loud, out claiming:*

*Mr. Bernhardt, i am the court president, i have to bear a lot of responsibility, as well, and aye as well have many things on my own table! Now i have to care for this, in person. You are sending letters, more than one! Do you find that justified?*

*i have explained to president of Land Court, Detmold, that i would recommend to send back form sign, small letter, one page, that claim of person has arrived. So that we people know it's orderly processed. Where we don't hear nothing, 3 to 6 months, in urgent case for our own family, we people small, we tend to write just rather one more time.*

*So i have asked that State Attorney would do wise in sending as well back small letter, even in the case where proven accusation against judge, same court, arrived.*

*and if it's just one sentence. less effort, all sides.*

*Understanding.*

*As i said, i've won the case, no obligations. good. grateful to day.*

*As for the refund, again i am waiting for it, to day, but that's rather acceptable. Where my work and time is wasted, in excess, and if it is by Public State person, we calculate an invoice orderly.*

*So we demand to see our children, as children taking is abolished, with reason found directly in the history of the Federal Republic of Germany. As i have sworn oath to defend the values of our Constitution, i see it as my duty to inform the public of such criminal corruption. We see ourselves as well good people, fighting for our children same as any person in the world.*

*When Judge of AG Bielefeld has tried to remove father from defending own child personally, replaced by foreign Lawyer enforced by Judge self, we found no other remedy than write a Letter directly to Federal Constitutional Court, as the situation became completely unbearable for the father, with people around the church community being outrageous of the treatment.*

*i can not be expected, could not bear to give my child out of my hands, as a father, like that.*

*Form sign was granted by BVerfG, then removed self immediately, to grant normal court order. The case went up to the President of the Federal Constitutional Court. You wouldn't believe.*

*We regard our AGB, Terms and Conditions now validated formally, by BVerfG, in March 2022. Thank god, no one filed accusation against me, poor father defending his own family.*

*Case remains open until day when Judge refunds the father, orderly, from our perspective.*

*Should judge decide not to make good, we see Judge subject to the Moses' curse, as judge has created orphan unreservedly. We see child's interest hurt same as interest of child's own father.*

*We publish Protocol Form as part of our AGB, Terms and Conditions so that other people can help themselves and witness orderly on proceedings, should any judge start to deny protocol, as it has happened to us when i wanted to give to protocol a violation of Basic Law from the father's perspective. Not admitted to day, in multiple hearings.*

*Position of the judge is that she does not have to write down burden for her self.*

*Status from 2024 is that we are waiting for Form sign (file number) from Public State Attorney. That's a public requirement following from Art. 1 GG (3) as stated above, orderly explained.*

*it hurts to day to see my child, so rarely, when i walk along his empty room.*

*(de jure: please refer to BvR 454/22 / BvR 455/22 (protocol form, ability vs. family right) with BVerfG ('Bundesverfassungsgericht') in Karlsruhe, Germany for more information).*

*..*

*as you have already determined, we are a value driven company.*

*starting to share my knowledge for an excellent, most decent price, it was clear that stones would be thrown, sooner or later. But why from people in defense of public good?*

*ref. art. 1 agb (3). shall we be people, shall we be same. our values. apart from that, from my point of view, so shall good right now be with us.*

*defended on Protocol Form to day, with a 75 € formal value [Form Template value], [times signees of agb, terms and conditions, [under dna license] in the United States (U.S.A.)].*

**II. Preface (Introduction).**

..

*and there be faith.*

*and there be truth.*

*and there be children.*

*and there be democracy.*

..

*Throughout this website, we use the ‘we’ form to express our opinion, although the website was written by Martin Bernhardt, in Person, to day. So we don’t have to change everything, later.*

*In the beginning, Family was first, so honor your Family, respectfully.*

*Martin Bernhardt was born in April 1970 as Martin Grote in Bethel, near Bielefeld, EU (D), to be the first son of Margret (geb. Magdalene Kleimann and Paul Blecher) and Johannes Grote, geb. Wilhelm and Auguste Grote.*

*My Parents were really great parents, for a lifetime, and they have saved and renovated the Carpentry, the House, raised 4 children, Martin, Christa, Norbert and Tobias Grote. They’ve lived a decent life, and when my Grandparents were old, they cared for them here at home.*

*on 22 June 2011, Martin Grote married Yvonne Bernhardt, first daughter of Klaus and Marina Bernhardt, at Burg Greifenstein in Thuringia, my first and only wife, to be confirmed in Church of Helpup, NRW, on 27.08.2011, by Pfarrer Friedhelm Nachtigal. Her sister called Christiane.*

*And so, since we all won’t get younger, this website was created as a personal memory.*

*Please find attached a Small Tree with a few memories of the Founder’s Family.*

..

(https://dynamic-applications.org/about/agb-terms-and-conditions-from-2020/a-small-tree-of-a-founder-family/).

..

*This page describes additional remarks, terms and conditions for the Dynamic Applications Project, especially towards referring to the Terms, conditions and data protection statements of various 3rd parties offering Web-based Services, SocialMedia content or integration, that may be integrated or referred to by this Website.*

*Yes, it’s a whole damn lotta bunch of crap to mention nowadays, cross-promotion almost, in endless details. but that was public law here, at the point in time when this Website was created, that some people who called themselves government have made for the all of us.*

*Well done!*

..

*i just thought we are supposed to live in public, do main, and not in public, do mess. So here we take a first glimpse on how far we have all got with the International Network (Internet). Not very much got then, i guess. So that’s one safe bet to start from, towards creating any purpose.*

*For Lawyers of all kind, You’ll find a few more declarations towards 3rd Party Content at the bottom of this page, declared within AGB (2016-2019) (https://dynamic-applications.org/about/agb-2016-2019/) [5].*

*Also you’ll find recent, worldwide contact information on our Impressum | Contact page. For matters of importance, we recommend the good old, traditional letter on Din A4 paper, sent via traditional postal mail. So we’ll find it on the staircase, next morning.*

*As a general guideline for our company, in evaluating your request, we follow:*

- Transparency (Honesty, righteousness, innovation (https://de.wikipedia.org/wiki/Anomie), Culture, Flag, and Self Explanation),
- Privacy Protection (House and Family, natural rights on self-produced goods),
- chance (a fair chance for a living, food, home, shelter, or citizen ship),
- and Participation. a fair distribution of chances, online democracy, and just ‘part being.

*We see it so that at unless further told upon here, unless there is a customer contract, we owe nothing to anyone, so please don’t involve us in casino games, corruption, fraud, or bribery attempts. Thank you. We are working for the people founding a small business, worldwide, to have some food ourselves.*

*At Dynamic Applications, we are working for a good, fair, and modest price per hour. Be invited though to write a small letter and ask for changes, and we'll try to validate and consider your request. Honest, good, and upright small people's behavior, and if i try, how dare thou to forfeit good rights of us, be same.*

..

*In case of any issue, problem or disharmony, we kindly ask you to call here, or to send a simple letter, so to explain your issue, first. We'll then evaluate your request against our AGB, Terms and Customer Service conditions, or the dna license where it comes to products. No personal harm intended, so anything may be resolved, quickly.*

..

*In a pursuit of customer satisfaction and credibility, we pursue to represent our company in person, to day. In creating Dynamic Applications, quite some thought has been spent on managing everything around this company with almost one person, in an attempt not to carelessly interfere the rights of others. So one major Target of this company is to pursue a better worldwide balance of interests of we the people towards the public state. So we create a fine balance and we are not on either side, just by a matter of principle. In being free people, we can join one side freely, as we prefer. So we don't have to be enemies just because someone is on the other side.*

*However, we see it so that the mention of specific Experiences, Persons, Memories, Brands, or Media, that came across our Founder's life, should as well be in balance with the right of others for Privacy, Silence, and Invisibility. We see both desires (to speak / tell and to listen / to be quiet) to be in balance, naturally. As long as there are utterly poor people, this basic consideration shall be weighted against their basic right on visibility (chance), by relation of equality, in the general case. As we are only a small family ourselves, Pictures of the Founder's Life and Family are rather rare on this website, which is mainly focussing on the work itself, explaining our culture, products, and usage in the Spirit of Sharing Economy.*

*Thank god, we haven't taken money for such mention.*

*We try to use Natural Language to describe the Purpose of our Products, and that's also why we do not acquire specific Trademarks, Brands, or idea Patents. Same rights for all. We respect that. So there is no Trademark on Dynamic Applications. In following our tradition of in public, do main, we just maintain a few core domains, defending our own visibility, to share yoenly.*

*Videos, Pictures, Tweets, and Quotes on this page may create interactive content that may not be covered by the AGB, Terms and Conditions of Dynamic Applications. We ask you to handle our family information respectful, so that we won't have to remove it. Apart from that, shall everyone speak for themselves. We are grateful to be respected as a family, as aye m writing these words.*

*For Videos and Tweets, we typically use just Text Hyperlinks, wherefrom WordPress creates an automated Preview. If you don't want your video to be shown on the Internet, we recommend that you delete it on Facebook, YouTube, or Twitter. When YouTube shows commercials within WordPress videos, all i can say is that i have not ordered this, WordPress shows commercials inside YouTube Videos now, and nobody won't give us a dime.*

*That's not fair, we say, on days like that. Apart from that, we found the WordPress Service good. Now you can waste your time complaining, or you can work on promises. That's what we prefer.*

*We have chosen WordPress for granting a Website Generator (Content Management System) free of charge, for download in self operation (creating your own Internet Node), and decent cost of operation, at best price to order, only for their own work time and effort. So we found that they are operating their own Product Service in the Spirit of The Sharing Economy, overall.*

*As well, now we try to look up to the good we found, and beware what's good for the many.*

**Refunds towards Dynamic Applications.**

*With our work ethic – as with our digital works – we elaborate a natural balance between the rights of the individual person (or founder) and the rights of the general public in a kind and understandable way, according to the principle of an adequate, basic general welfare.*

*In this way we express our conviction that even simple and relatively poor people should have a basic right to life, food, work, home, church, and family.*

*Please understand that if the Customer and IT service conditions should be undermined, deliberately, we reserve the right to invoice our working hours at the stated conditions. For reasons of equal opportunities, this also applies to inadequate claims from State authorities, in regard to the expenses caused by this. To prevent any misunderstanding, we usually announce corresponding refunds in advance, verbally and in writing.*

*In accordance with the Ethics of Conduct as detailed in our AGB, Terms and Conditions and the dna license, we would usually endure the personal harm, but would charge the professional work and time. We see an appropriate recognition of the position of the other party expressed in this way as a particularly honorable basic attitude.*

*In summary, we provide the basic scope of our work as a reference work, free of charge. However, below we reserve the basic constitutional rights of the Federal Republic of Germany as well for ourselves.*

*In this respect, we are grateful would you also pay attention to them.*

*For any online order, you are granted a 14-day right of retreat, so that you are fully refunded.*

*These AGB, Terms and Conditions (from 2020), in mutua mutandis, and finally, These AGB in Paperworks, as handed out in person from The Dynamic Applications HQ, page by page, in return.*

*Apart from that, we see it so that honest people shall work first, buy second, and not owe any debts.*

*As well, it shall be of importance that Dynamic Applications shall be neither part of, nor are we speaking up here against a certain Person, Village, Country, our State. In being part of, in being Dynamic Applications, we are here to learn, to see far ahead, in developing ourselves for a world to achieve, for a world to be in good balance, naturally.*

*In a world of less authority, to be, it's our natural requirement to be part of, and – where there's nothing – to be creating music, arts, Form, Letter, Trust, our good right, Justice, Law and order, in a next level democracy, for we the people to orient ourselves, as well upon, right? –*

*Visibility.*

### eLearning info (Q&A):

*mindful thoughts on a peaceful, sustainable worldwide Society.*

*please excuse here to Form a few explanatory thoughts, as there have been questions.  
it's on how to establish the #Legacy of Private Schools, where given (in reasonable self-defense).*

*So whatever your personal opinion (e.g. on the new ,Corona'-Flu), there should as well be a reasonable balance  
between the Public (general) and the recent, more IT-supported (private) Family Schools.*

*Everything else should be seen as a matter of public opinion.*

*For these, we wait 4 years, then we have 1 cross, and so the matter of public opinion is decided.  
Then, there should always be room for improvements, e.g. just declaring a few global essentials.*

*Here we learn that – even – one single company – may declare law in a better, just way.  
This way we elaborate on the rules (within law) that we define for ourselves, and our customers.*

*However, at this point in time it seems of value to us, first of all, to teach the people visiting our small, self-written  
,legal department' here on how to establish at least a few, very basic rights, for their beloved ones.*

*In the Federal Republic of Ger'many here (Founder's Home), this legacy warrants Art. 19 GG (3).*

*This means that basic ground rights (e.g. same rights for all) are granted us (see below).  
So You don't have to ask for it. Just take what you need, and live on from there.*

*As well we respect the natural rights of our neighbour-ship with respect to, as well, the constitutional rights of the  
Federal Republic of Germany here, including the rights of protecting everyone's children from unlawful harm, of  
course (ref. art. (1.2, 1.3), 2 GG et.al.). So just that there's no misunderstanding. Instead of declaring agb, terms and  
conditions that would grant ourself all kinds of rights, and then to forbid many things towards our customers in kilo  
meters of lengthy crap (and then, it's called „free“...), here we proclaim towards you only that we ourselves are  
already happy when people would kindly consider to grant the basic constitutional rights towards us, as well.*

*Because in defending the poor, and the hungry, we can not feed ourselves some bunch of 200 Lawyers in 200 different  
countries (as we use to see it on the world map in 2020 a.d., where this project was created).*

*So as long as the basic version of our products shall remain free of charge, but, then you can also be expected to build  
your own home, as it always has been, naturally, before requesting any overly approval of occupying our own Home.  
So that everyone can put the feet on the table in their own home, if they want. Instead, you can call here and visit us  
as a friend, on mutual agreement, as it always has been.*

*A few early experiences in The Federal Court have brought us to the conclusion first of all to simplify, to refine the  
public, general Law and order, as defined for our country, to a slightly easier, hopefully a bit more understandable, a  
bit more agreeable version. It helps no one if even the State personal seems so completely over-lawed, that finally  
everybody would just draw up any law, any debt, any bonds against each other. It has happened in Court, you know.  
Lies and Anger, just thrown around. That's no good, that's not right, that's what we here say'e.*

*How horrific a thought, isn't it? – the more you'd respond, the more you object, the more we all draw from each  
other's pockets, the poorer you'd naturally, personally get. So that's why we try to develop some most basic values,  
where nothing else left, apparently.*

*Why are, why seem the values of Work, of food, of Home and Family, still questioned, at all?*

*So to ensure that people with limited ability have a fair chance in using Dynamic Applications, with these AGB, Terms and Conditions (from 2020), here we attempt to provide a ‚first draft‘ improvement.*

*be aware that any such attempt should not be confused with replacing public Law.  
So in the first place, here we bind ourselves. – ~ – aren‘t AGB, Terms and Conditions like that?*

*Also note that in developing calculations in (x, y, t), we tend to be looking at things ‚from the end of Time‘. Please consider that a ‚consequent final right‘ should not be mistaken by a good right, or immediate right. So here we try to reflect just a thought, on how even a ‚disabled person‘ could be defending a basic constitutional right, like, the right of inheritance (of ‚having a will‘), at all.*

*Opening a basic ground school and Teaching others, as well, under (Art. 7 GG (4), Sentence 1). It’s already granted (by cultural habit, so far, typical with teaching Music, Religion, Opinion, Library, Arts and eLearning, in form of self produced digital goods). So here we say, art work is also hard work, because it is not so easy to sell.*

*Now, we recommend everyone to check your country for a similar basic right first, before relying on the simple examples, given here, just as good as we’ve seen them, so far.*

*As stated, here we develop basically Pocket Calculators in (x, y, t), protected under Art. 9 GG (3), if at all. So in the Federal Republic of Germany, it shall be up to the ‚Bundestag‘ to develop, to legislate the public right, while it is up to everyone to defend their basic rights (Art 1 .. 20 GG), as represented in their own AGB, Terms and Conditions in Court, just in case. That’s truth, naturally, traditionally voted upon.*

*You are invited to share your thoughts on a better Society for we the people of Dynamic Applications with us. So here we try to declare an ‚inclusive‘ spirit with a bit of (+1‘) tolerance towards the current, basic law. So in the same sense that there’s an everybody’s inner will to have a Home and a Family, what could then be on the other side? – well, how about, from being able to connect us,*

*to be improving Humanity? – on a global scale, just by simplifying your own basic law.*

*So that as well every single person, every Family, can take part in developing an own version, like an essence of culture to keep, from their own History. And may it be your own Country’s constitution, your neighbourhood’s basic law. As we learn from history that the memory of a Nation – is always – the memory of its own birthplace, of your last war. So instead of beating our words, our swords on each other, taking away our most basic rights in each other’s AGB,*

*why not improve on what’s minimum to require, and what’s reasonable to keep, and to share?*

*So in 21st century, with Thousands of Connections, worldwide, here we the people would learn to share our culture, to improve the law, just between each other, like we discuss here with you, the all, in this small sample of our self-bound law. What an achievement in one world, to seek improvement in our global culture, our living together on this one world to share.*

*Same rights for all, we say, – and so that should be – just what remains from us, from me.*

*our small, just founded ‘we the people’s democracy.*

*There have been passed improvements in Law, so it must be possible.  
Let’s start by teaching our children, where nothing else.*

## **Article 8:** [The Freedom of Assembly]

(1) We the people shall have the right to assemble peacefully and unarmed without prior notification or permission.

(2) In the case of outdoor assemblies, this right may be restricted by or pursuant to a law.

## **Article 9:** [The Freedom of Association]

(1) We the People shall have the right to form Societies and other Associations *of value and joy*.

..

*Basic Law of The Federal Republic of Germany, of The European Union, from 1949 to 2020 (ff).*

..

#### Article 10:

*[Privacy of correspondence, post, guard, flags, and Telecommunications]*

(1) *The right to privacy of correspondence, post, guard, flags, and Telecommunications,*

*and finally,*

*light-based signaling of We the People shall be inviolable, based on the free will of the individual,*

*unless the rights of others should be severely impaired or withdrawn, hereby, in the single case, upon fair, prior notification of the individual in due time, according to the Law.*

*[Note: here we proceed in the spirit of art. 10 gg in a simplified, more concrete language. We found the declarations in art. 10 gg a bit too complicated for direct applicability.]*

*[also it should be noted that with Dynamic Applications, the basic rights of privacy protection shall find their limit as soon as the rights of others would be hurt. We found this declaration in line with the famous declaration that Freedom is always the Freedom of the other person (in memory of Rosa Luxemburg)].*

#### Article 11:

*[The Freedom of Movement]*

(1) We the people shall have the right to move freely throughout the Federal Territory.

(2) This right may be restricted only by or pursuant to a law, and only in cases in which the absence of adequate means of support would result in a particular burden for the community,

or in which such restriction is necessary to avert an imminent danger to our existence

or *The Free Basic Democratic Order of The Federation or of Newlands*, to combat the danger of an epidemic, to respond to a grave accident or natural disaster, to protect young persons from serious neglect or to prevent Crime.

..

#### Article 12:

*[Occupational Freedom]*

(1) We the people shall have the right freely to choose our occupation or profession, our place of work and our place of training. The practice of an occupation or profession may be regulated by or pursuant to a law.

(2) No person may be required to perform work of a particular kind except within the framework of a traditional duty of community service that applies generally and equally to all.

(3) Forced labour may be imposed only on persons deprived of their liberty by the judgment of a court.

#### Article 12a:

*[Compulsory military and alternative Civilian Service]*

(1) Men who have attained the age of eighteen may be required to serve in the *Armed Forces*, in the *Federal Border Police*, or in a civil defence organisation.

(2) Any person who, on grounds of conscience, refuses to render military service involving the use of arms may be required to perform alternative service. The duration of alternative service shall not exceed that of military service.

Details shall be regulated by a law, which shall not interfere with the freedom to make a decision in accordance with the dictates of conscience and which shall also provide for the possibility of alternative service not connected with units of the *Armed Forces* or of the *Federal Border Police*.

(3) Persons liable to compulsory military service who are not called upon to render service pursuant to paragraph (1) or (2) of this Article may, when a state of defence is in effect, be assigned by or pursuant to a law to employment involving civilian services for defence purposes, including the protection of the

civilian population; they may be assigned to public employment only for the purpose of discharging police functions or such other sovereign functions of public administration as can be discharged only by persons employed in the public service.

(4) If, during a state of defence, the need for civilian services in the civilian health system or in stationary military hospitals cannot be met on a voluntary basis, women between the age of sixteen and seventy-five may be called upon to render such services by or pursuant to a law.

*(4a) Under no circumstances may women be required to render service involving the use of arms, because the arms of women may have to be free to carry small children, in emergency.*

*This goes in line with defending at home the coeur values, just like the flag in battle.*

*The values of society developments, passed 1000 years of tradition, culture and habit.*

*The values of Constitution, core basic Law, here defined by Art. 1 GG .. Art. 20 GG (iv).*

(5) Prior to the existence of a state of defence, assignments under paragraph (3) of this Article may be made only if the existence of a weapon is met, beforehand.

(6) If, during a state of defence, the need for workers in the areas specified in the second sentence of paragraph (3) of this Article cannot be met on a voluntary basis, the right of citizens to abandon their occupation or place of employment may be restricted by or pursuant to a law in order to meet this need.

*(7) Prior to the existence of a state of public defence, the first sentence of paragraph (5) of this Article shall apply, in mutua mutandis towards Art. 7, Paragraph (5), unless warship.*

#### **Article 13:**

*[Inviolability of the Home]*

(1) The Home of a person is inviolable.

(2) Searches may be authorised only by a judge or, when time is of the essence, by other authorities designated by the laws and may be carried out only in the manner therein prescribed, *under full responsibility of all participants in respect to Art. 3 Par. (1).*

(3) If particular facts justify the suspicion that any person has committed an especially serious crime specifically defined by a law, technical means of acoustical surveillance of any home in which the suspect is supposedly staying may be employed pursuant to judicial order for the purpose of prosecuting the offence, provided that alternative methods of investigating the matter would be disproportionately difficult or unproductive.

The authorisation shall be for a limited time.

*(4) should proof show that surveillance, or a violation of home, good, basic property, family or person of any of we people was unlawful, within one year, all judges and participants concerned, or, in questions of bankruptcy, The remaining members of The Federal Republic, shall be required to refund adequately, up to the value of 100 000 Euro per participant, reflecting an average lifetime of 70 years of the individual, to prevent inappropriate measures or escalation of The Authority of State towards We the People, in respect to Art. 1 of this amendment.*

*(4a) in case of public or civil disorder, under suppression, relentless prosecution, helplessness, or in case of famine, one more year shall be given to The remaining members of The Federal Republic to refund We the People, appropriately, in such cases, under consideration of [art. 1, art. 2, art. 3, art. 4, ..., art 20 par. (1)..(4)], art. 21, art. 22, art. 25, 26 and 27 of this amendment. So we warrant at minimum Art. 27 Par. (4) of this amendment, in peaceful retreat of the individual towards their home, shelter, or civil citizen ship, as a final humane right.*

*(5) The right to open such private guard, where the bread that stills hungary would still be shared evenly, amongst participants, up to the very last day, shall be guaranteed to every single individual, according to the fundamental principles of Law and order in respect to Art. 20 Par. (4) of this amendment.*

*(5a) Any remaining free individual shall have the right to choose and attend such guard, so that from 1000 people attending such guard, per year, it shall therefrom be called court, in honor of guard, and such court shall be protected by Art. 9 Par. (3) of this amendment. Formally spoken, as court is formally reserved a name, such guard shall serve as an honorable council (h.c.), in respect.*

(6) The information thereby obtained may be otherwise used only for purposes of criminal prosecution or to avert danger and only if the legality of the measure has been previously determined by a judge; when time is of the essence, a judicial decision shall subsequently be obtained without delay.

(7) Interferences and restrictions shall otherwise only be permissible to avert a danger to the public or to the life of an individual or, pursuant to a law, to confront an acute danger to public safety and order, in particular to relieve an accommodation shortage, to combat the danger of an epidemic or to protect young persons at risk.

#### **Article 14:**

*[Property. Inheritance. and Expropriation]*

(1) Property and the right of inheritance shall be guaranteed. Their content and limits shall be defined by the laws.

(2) Property warrants a lot of obligations. Its use shall as well serve the public good.

*(5) In case of dispute concerning the amount of compensation, recourse may be had to the ordinary, base democratic courts, where the bread that stills hungary shall still be shared, evenly, amongst the people attending guard. The right to open such guard shall be granted to We the People, to day, in respect to Article 13 Par. (5) of this amendment.*

#### **Article 15:**

*[Internationalisation]*

(1) Land, Natural Resources and Means of Production may, for *the purpose of internationalisation*, be transferred to *public ownership* or other forms of public enterprise by a Law.

(2) That Law must determine the Nature and Extent of compensation on a fair and just basis.

(3) With respect to such compensation the third and fourth sentences of paragraph (3) of Article 14 shall apply, *in mutua mutandis towards Art. 7, Par. (5).*

**Article 16:**  
[Citizenship. Extradition]

(1) *We the People* may be deprived of our *citizen ship*. Loss of *citizenship* may occur only pursuant to a law and, if it occurs against the will of the person affected, only if he and she do not become stateless as a result.

(2) *No person may be extradited to a foreign country, or left alone in night mare, alive, unless in times of unattended worship. (1) Laws regarding military and alternative service may provide that *the basic right* of members of the *Armed Forces* and of alternative service freely to express and disseminate their *opinions* in *speech, writing* and *pictures*, the basic right of *assembly* (Article 8) and the right of *petition* (Article 17), insofar as it permits

the *submission* of requests or complaints jointly with others, be restricted during their period of *military* or *alternative service*.

(2) *Laws regarding defence*, including *protection of the civilian population*, may provide for restriction of the *basic rights* of freedom of *movement* (Article 11) and *inviolability of the home* (Article 13).

This forfeiture and its extent shall be declared by *The Federal Constitutional Court*.

**Article 19:**

(2) In no case may the essence of a *basic right* be affected.

(3) *The basic rights* shall also apply to *domestic juridical persons* to the extent that the nature of such rights permits.

*The Federal Government* shall take the position of *The Federal Parliament day* into account during the negotiations. Details shall be regulated by a law.

(4) *The Federate Assembly* shall participate in the decision-making process of *The Federation* insofar as it would have been competent to do so in a comparable domestic matter or insofar as the subject falls within the domestic competence of *The Newlands*.

(5) Insofar as, in an area within the exclusive competence of *The Federation*, interests of *The Newlands* are affected and in other matters, insofar as *The Federation* has legislative power, *The Federal Government* shall take the position of *The Federate Assembly* into account.

To the extent that the legislative powers of *The Newlands*, the structure of *Newland* authorities, or *Newland* administrative procedures are primarily affected, the position of *The Federate Assembly* shall receive prime consideration in the formation of the political will of *The Federation*; this process shall be consistent with the responsibility of *The Federation for the Nation* as a whole. In matters that may result in increased expenditures or reduced revenues for *The Federation*, the consent of *The Federal Government* shall be required.

(6) When legislative powers exclusive to *The Newlands* concerning matters of school education, culture or broadcasting are primarily affected, the exercise of the rights belonging to the *Federal Republic of Germany* as a member state of *The European Union* shall be delegated by *The Federation* to a representative of *Newlands* designated by *The Federate Assembly*.

These rights shall be exercised with the participation of, and in coordination with, the *Federal Government*; their exercise shall be consistent with the responsibility of *The Federation for the Nation* as a whole.

(3a) The proposal to establish a *New Land* or a *Land with refined boundaries* shall take effect if the change is approved by a majority in the future territory of such Land, and by a majority in the territories or parts of territories of an *affected Land* taken together.

(3b) The proposal shall not take effect if, within the territory of any of the affected *Newlands*, a majority reject the change; however, such rejection shall be of no consequence if, in any part of the territory, whose affiliation with the affected Land is to be changed, a two-thirds majority approves the change, unless it is rejected by a two-thirds majority in the territory of *The affected Land*, as a whole, *then*.

..

. . .

**III. The Bundestag:****IV. The Bundesrat:****V. The Federal President:****VI. The Federal Government and Chancellor:****VII. Federal Legislation and Legislative Procedures:****VIII. The Execution of Federal Laws and the Federal Administration:**

please refer to the original source at [[3 (<https://www.gesetz-e-im-internet.de/gg/>)]][en ([https://www.gesetz-e-im-internet.de/englisch\\_gg/englisch\\_gg.pdf](https://www.gesetz-e-im-internet.de/englisch_gg/englisch_gg.pdf))] for articles [38] .. [91] explained, in detail.

As we are operating no Bundestag, Bundesrat, or similar constitutional Institution, we found them not so central for Dynamic Applications.

.. .

We hereby explain towards these that, for ourselves, the following Terms and Conditions shall apply:

. . .

(1) For the Federal Republic of Germany, our own home country, about 100 further constitutional articles have been defined, already, which are elaborated here ([https://www.gesetze-im-internet.de/englisch\\_gg/englisch\\_gg.pdf](https://www.gesetze-im-internet.de/englisch_gg/englisch_gg.pdf)). These concern themselves with the constitution of deutscher Bundestag, The Bundesrat, and further institutions and basic Laws of our small country.

(2) This in itself is a tiny, peaceful PC project, created from 2016 by Martin Bernhardt, our Founder.

(3) Since we can not provide a Parliament of our own, nor do we intend so, we have created the Dynamic Idea and Roadmap Competition (<https://dynamic-applications.org/dynamic-idea-and-roadmap-voting-competitions/>) as a simple, one person measure of public interest and feedback, to work on.

(4) We hereby define the base democratic vote as follows, in simplicity:

. . . mutation .. @dynamic\_idea ([https://twitter.com/dynamic\\_idea](https://twitter.com/dynamic_idea)) .. **t** .. @dynamic\_qs ([https://twitter.com/dynamic\\_qs](https://twitter.com/dynamic_qs)) .. evolution .. .

There is no formal obligation for us to provide solutions, or work along the competition.

Instead, everything granted shall be seen as a personal grace.  
Like a parcel of presents for you. Use carefully on your own risk.

(5) We see it so that – in contrast to many other App developing Startups – our AGB, Terms and Conditions rather keep quite closely towards the basic Law, than to induce even more, completely different, AGB, Terms and Conditions towards you, our Sharing Economy contractors, participants, and customers.

(6) Please view our first few modifications and simplifications as an attempt towards creating a good, suitable worldwide Law in its early stadium.

(7) As we are not above the Law, ourselves, as well, we respect all Federal Laws as declared by deutscher Bundestag, according to Article 2 and further basic Laws, as already declared in or towards our own AGB.

(8) Simplicity, intuitively explained. No personal harm intended.

(9) You are invited to simplify the Law of your own Country, and contribute to global Law, as well, if you want.

[Judicial independence]

(1) Judges shall be independent and subject only to the Law.

(2) Judges appointed permanently to positions as their primary occupation may be involuntarily dismissed, permanently or temporarily suspended, transferred or retired before the expiry of their term of office only by virtue of judicial decision and only for the reasons and in the manner specified by the laws. The legislature may set age limits for the retirement of judges appointed for life. In the event of changes in the structure of courts or in their districts, judges may be transferred to another court or removed from office, provided they retain their full salary.

..

**Article 98:**  
*[Legal status of judges – Impeachment]*

- (1) The legal status of federal judges shall be regulated by a special federal law.
- (2) If a federal judge infringes the principles of this Basic Law or the constitutional order of a Land in his official capacity or unofficially, the Federal Constitutional Court, upon application of the Bundestag, may by a two-thirds majority order that the judge be transferred or retired. In the case of an intentional infringement it may order his dismissal.
- (3) The legal status of the judges in the Newlands shall be regulated by special Land laws if item 27 of paragraph (1) of Article 74 does not otherwise provide.
- (4) The Lands may provide that Land judges shall be chosen jointly by the Land Minister of Justice and a committee for the selection of judges.
- (5) The Lands may enact provisions regarding Land judges that correspond with those of par. (2) of this Article. Existing Land constitutional law shall not be affected. The decision in cases of judicial impeachment shall rest with the Federal Constitutional Court.

..

**Article 99:**  
*[Constitutional disputes within a Land]*

A Land law may assign the adjudication of constitutional disputes within a Land to the Federal Constitutional Court and the final decision in matters involving the application of Land law to the supreme courts specified in paragraph (1) of Article 95.

..

**Article 100:**  
*[Concrete judicial review]*

- (1) If a court concludes that a law on whose validity its decision depends is unconstitutional, the proceedings shall be stayed, and a decision shall be obtained from the Land court with jurisdiction over constitutional disputes where the constitution of a Land is held to be violated or from the Federal Constitutional Court where this Basic Law is held to be violated. This provision shall also apply where the Basic Law is held to be violated by Land law and where a Land law is held to be incompatible with a federal law.

- (2) If, in the course of litigation, doubt exists whether a rule of **international Law** is an integral part of federal Law and whether it directly creates rights and duties for the individual (Article 25), that court shall obtain a decision from *The Federal Constitutional Court*.

- (3) If the constitutional court of a Land, in interpreting this Basic Law, proposes to derogate from a decision of the Federal Constitutional Court or of the constitutional court of another Land, it shall obtain a decision from the Federal Constitutional Court.

..

..

**Article 100 [Amendments]:**

- (4) Politicians in Legislature, Executive and Jura shall be bound to elementary rights of Constitution as well as every other person. It is the task of Legislature to declare good rights for all we people, including self, and so the people working in Deutsche Bundestag, Landtag and Bundesrat, our Parliaments, shall be bound to same rights for all, as declared in Article 1 to 20.

- (5) Where it comes to Finance, the Legislature and Executive shall as well be bound to declare Household orderly and process budget orderly with no debt making. Taxes can be collected by Law, but all budgets have to be processed orderly. Where ever money is lost, people are responsible as any other person before the Law, and violations shall be prosecuted by book of Crime as every other person before the Law. As Legislature is responsible for very many people though, personal refund shall be 1 in 1000 Euro of all money lost in debt, charged from responsible delegates in Parliament and Executive, personally.

- (6) Where 100 Million Euro was lost, every responsible Executive shall owe 100 000 Euro self, where not otherwise proven. Where debts are made by Parliament Law, every delegate in Deutsche Bundestag or Landtag shall owe 1 in 1000 Euro, self, where not otherwise proven. Delegates who can prove that they have voted against that Law shall be assumed innocent, unless otherwise proven. This follows from Article 14 of Constitution, where the Possesions of all we People were as well protected by Basic Law.

- (7) In case of Question of the personal guilt of Politicians (delegates in Deutsche Bundestag, Landtag or Bundesrat), all decisions shall be confirmed by Land Court, with Revision granted by Federal Land Court (Oberlandesgericht) at the Home of the Politicial delegate concerned, in person.

- (8) It shall be granted that Delegates in Parliament can call the Federal Constitutional Court in Karlsruhe, should they find themselves severely hurt by Art. 100 (4) to (7), in person. To obtain the correct proceeding of the Federal Constitutional Court, a press declaration shall be given by the Federal Constitutional Court, explaining every ruling in adequate, modest language, protecting Home and Family of accusee, orderly, in any single such case of indebted politicians.

..

**Pacta sunt Servanda.**

[Note: here we declare a Federal Republic with orderly proceeding of Finance in the spirit of all we small, honest people. Such declaration shall prevent any attempts of Corruption, undesired Bureaucracy, Casino games, Misogyny, and Fraud of any Member of small family. It is up to and welcome for any Political Party to take good example, express such public will or even better, bring forward in Parliament, and vote for that orderly. So that all shadow

household, debt making and credit taking on the back of we small, honest people shall be prohibited. This would require that some later articles of constitution, where shadow households are declared, would have to be removed or declared, orderly, in line with these declarations as the final amendments of the first 100 paragraphs of Basic Law. Until declared in Basic Law, we see such declaration of Amendments as above as an expression of Free Speech, as granted by Article 4 and 5 of the Constitution of the Federal Republic of Germany, to any single person. For this our small people's contract declaration, we say it's already granted and defended properly by Basic Law, in Court.]

[It's obvious that where people are same before the Law, according to Art. 3 GG, there it is a public demand that delegates are subject to liability before the Law, as well, with a thousandth of the value stolen from public property, at minimum. We know that many things have been said about this, in media and TV, already, and still will be. However, we find that Politicians in the state parliament have a duty to serve as a good example for an honest person, so we small people find a case in point, a few habits to orient our selves upon. A bit of honesty can be expected even from the worst debt-makers of all times, in Deutsche Bundestag. Fair enough.]

#### Article 101:

[Ban on extraordinary courts]

(1) Extraordinary courts shall not be allowed. No one may be removed from the jurisdiction of his lawful judge.

(2) Courts for particular fields of law may be established only by a law.

...

...

Article 101 [Amendments]:

(3) In conjunction with art. 7 par. (5) of this Amendment (elementary school rights), Jurisdiction between the Public right and the Parental rights of Teaching Law shall be defined by Public Law, or by Subsidiaries of The Federal Republic, where applicable, or, in minimum extent, by The village, or, in case of public disorder, under suppression, relentless prosecution and helplessness, or famine, the next level of local community, down to each single Family, hereby especially towards a fair and even judgement towards [Art. 1 .. Art. 20] of this amendment.

(3a) Should any person's rights be violated by public or family authority (severely), he or she may have recourse to the ordinary courts, in conjunction with art. 19 par. (4) of this Amendment. Where no other jurisdiction could be anymore established, recourse shall be performed by basic ordinary democratic courts (h.c.), in conjunction with art. 13 par. (4a) of this Amendment.

(4) In conjunction with art. 13 Par. (4a) of this Amendment (right of basic home or shelter), should proof show that surveillance, or a violation of home, property, family or person of any of we people was unlawful, or in case of public or civil disorder, under suppression, relentless prosecution, helplessness, or in case of famine, one more year shall be given to The remaining members of The Federal Republic to refund We the People, appropriately, in such cases, under consideration of [art. 1, art. 2, art. 3, art. 4, ..., art 20 par. (1)..(4)], art. 21, art. 22, art. 25, 26 and 27 of this amendment. So we warrant at minimum art. 13 Par. (4a) of this amendment, in peaceful retreat of the individual towards their home, shelter, or civil citizen ship, as a final humane right.

[We warrant that and where others have no idea about privacy protection, at least we serve as a good example, ourselves, in respecting elementary human rights.]

(5) The right to open such private guard, where the bread that stills hungary would still be shared evenly, amongst participants, up to the very last day, shall be guaranteed to every single individual, according to the fundamental principles of law and order in respect to Art. 20 Par. (4) of this amendment.

(5a) Any remaining free individual shall have the right to choose and attend such guard, so that from 1000 people attending such guard, per year, it shall therefrom be called court, in honor of guard, and such court shall be protected by Art. 9 Par. (3) of this amendment. Formally spoken, as court is formally reserved a name, such guard shall serve as an honorable council (h.c.), in respect.

[Note: here the agb, terms and conditions of Dynamic Applications had to be confirmed by BVerfG formally, which we consider validated due to the fact that two AZ were assigned.]

[This assignment of a formal file number ('Aktenzeichen': indicating that there 'could' be a claim) can only be granted to legal persons, e.g. natives from Germany. The question remains how shall juridical domestic persons be considered, to be clarified by BVerfG, on request. That's why we write 'please refer to BVerfG' in our foreword, where [formal preconditions] of our AGB are elaborated. Any letter from the Federal Constitutional Court underlies certain legal disclaimers that you can find on letters from a Federal Constitutional Court. Ask for a Visit, we'll elaborate [prove] in our HQ)].

[we argue that for the given juridical domestic legal person [following from art. 19 gg (iii)] it can not be expected to recreate all kinds of juridical courts, as the effort would be obviously inappropriate. However, legal remedy shall as well be granted under agb, therefore adapted.]

[formally spoken, the good rights to assemble peacefully with 1000 domestic personal are already granted as part of the first 20 constitutional rights [see above or see your copy of GG] [as you prefer], assuming that the Total population of Germany is large over 1000 persons, arriving in Time. for reasons of simplicity, time frame has been restricted to one year.]

[In the case of Dynamic Applications, juridical review was refused by Federal Constitutional Court immediately, then, to grant normal, default Court order, again. One case was resolved in favor of Martin Bernhardt (that case was about the ability to defend yourself in Court without a Lawyer). The Family case is waiting for a refund of the Judge who did the crime, as orderly declared and reported, an obligation to fulfil our AGB, so a requirement by public Law.]

[for a few more insights, including formal File numbers of cases, ref. to [Founder's Vita \(https://dynamic-applications.org/about/vital/\)](https://dynamic-applications.org/about/vital/).]

[in case of question, within [inside] a Court of The Federal Republic of Germany, default Law and Order shall apply, in case of question of legality of such AGB, Terms and Conditions inside, with respect to the hereby amendments made to Art. 101 GG; shall serve as a Simplification, a requirement for Transparency, our first defended value [see foreword] [where do agb apply]].

[Note: These AGB, Terms and Conditions shall apply to all we people defending our selves as free people under Pacta sunt Servanda of AGB of Dynamic Applications, world wide. It shall be up to the political parties in each country to bring forward the will of we the people and declare public Law. Formally spoken, we declare all our amendments as added in cursive lettering as an expression of Free Speech. We hope and achieve and express strongy our conviction for a better world under the amendments hereby declared, and where not granted by Public Law, all we people shall serve as a good example and respect good Basic Law, self. This shall apply especially towards the fundamental Basic Rights expressed in Art. 1 .. 20 GG. Every person shall be free in adopting good example self, but people shall not be forced to apply to these articles, until declared Public Law by Parliament in a future, better Country.]

[with a 100 000 people using Dynamic Applications (or having activated agb through license), voluntarily, we have to consider how large the world actually is, to see how small we actually are. Let's talk about founding our own Country, from when we are a Million souls, and counting.]

We the People call this our Country, our promised world **Newland**. an expression of hope.

..

..

..

*on formal value. on dna coins.*

..

*The Dynamic Applications Freeware includes a small counter called ‘dna coins’.*

*Such dna coins are granted for Application Startup, for working with Simulation Models, and for calling our Website from within Dynamic Applications (the software platform beyond all our calculations and products, based on our Formula Solver in  $x / y / t$ ). Since we create Dynamic Applications in the customer’s best interest, dna coins are implemented by just a simple counter. So don’t worry: the effort of counting one and one together is gonna be really, really small, nowadays. Formally spoken, no measurable computer power shall be consumed by collecting dna coins.*

..

*one dna coin shall be worth one hour. Licensed under Creative Commons (cc-by-sa). Free to use on your own risk.*

*From having acquired 1000 dna coins, the Freeware shall unlock Professional Features, all by itself. That performs as a small ‘Thank you’ to users who are intensively using Dynamic Applications. Apart from serving as a small thank-you bonus, the real value of one dna coin is up to you. Sharing is Caring. However, an artwork has been created from a family meal that represents one hour of preparation time.*

*The time of one hour was chosen in a memory for the year-long programming of Dynamic Applications.*

*Printouts of dna coins may or may not be used as vouchers or coupons for certain purposes, under the responsibility of the person who has printed, or exchanges dna coins. As Dynamic Applications are available as Freeware around the globe, we can not check every law in every country. So that’s up to you. Use everything on your own risk, under your own responsibility. Formally spoken, dna coins are artwork.*

*So that’s another memory, another indication of True Values: the work time of the poorest people on earth, working on the land itself, creating the food to feed their families, right down from mother earth.*

*Lifetime value. that’s the purpose of dna coins. We recommend everyone to follow that example and calculate a reasonable, modest price for your own hand’s work. Personal integrity, Trustworthability and Reputation are values that have to be pursued, life long. In pursuing, in representing a good value for money, through your own hand’s work, we define the value of Success.*

*So if you’re a good man, a fine woman, a young lady, or a promising child, with a bit of luck, Success may come to you, as well, in time. Nothing required but a bit of fortune, a stroke of luck, a desire for good, and a will to give your own hand’s work for the benefit of we the people. Don’t you give up too early, my dear.*

*and so, from the aspect of a digital currency, dna coins are intended to show just about how such currency should be, in theory – simple, intuitive, beautiful, and almost perfect in itself.*

*At Dynamic Applications, the name is program. So we define a valueable, life-long business. Working for we the People, just by making use of our own hands’ work.*

... .

## **Resolving of Conflicts, Liability before the Law, and Bug Bounty.**

... .

*This is a peaceful project, much like a proof-of-concept for a global online democracy. In showing respect, in case of question, no single person shall therefore be required to use our products or services.*

*No personal harm intended, so please excuse some personal thoughts about true values, politics, and value generation. Everyone's values are different in time, and that's the beauty of the whole thing. As well here, no single person shall be required to read our website.*

*Unfortunately, we can't offer a Bug Bounty for correcting further issues on the Website, so that's limited as described by dna license. Generally, our duties are limited by the Total Value of your Acquisition, that's at maximum, 25 Euro (75 € in Court). For a valid order, we require a written order. Please clarify all issues about your order and our offering in detail and directly with our Founder. For remote cases, we offer our services through Clubhouse (<https://twitter.com/joinclubhouse>), via Skype (<https://dynamic-applications.org/workshops/book-a-workshop/>), or via Letter. Test our deliveries and keep in mind that you don't have to pay for features, should they not be working as described in written statement. Here we reserve our good right to fix everything as intended, or charge only for the working and usable part, should there occur any non-solvable issues.*

*Please note that we don't obligate you to defend our AGB against the public Law in your Country. Keep in mind that everyone has to reason under their own Public Law, in their own Country. So by the right of foot walk for the poor, we have chosen to defend ourselves with AG Lemgo.*

*Should you find an order for 75 € not satisfying your requirements, further Liabilities would have to be agreed upon (valid by contract, or by written and signed Statement of Martin Bernhardt), or there are none. As the license says: Use everything on your own risk, it's been created for a good purpose.*

*That's how we do it at Dynamic Applications, defending ourselves as trustworthy craftsmen.*

... .

## **Dynamic Applications are an eLearning approach.**

... .

*In pursuing the benefit of the many, at Dynamic Applications, we're creating a platform of small, free, configurable, self-explanatory, valuable, and most beautiful business planners that we could.*

*Do-it-yourself tasks shall be free of charge. And Constructive Criticism shall always always be welcome.*

*You are invited to declare similar AGB, in your own words, for your own Website.*

*Apart from that, should you ever choose to visit to any other Website from within such interactive content, please refer to the AGB, Terms and Conditions of that other Website.*

*Finally, we declare Dynamic Applications founded to develop ourselves in to Form of an NGO ([https://en.wikipedia.org/wiki/Non-governmental\\_organization](https://en.wikipedia.org/wiki/Non-governmental_organization)) (a global, non-governmental organization), to be seen back, over a long time, from then.*

*However, as far as we know, that's up to you guys now, to decide. Much like a humble lesson in Time. That's how we are. Dynamic Applications, so we found, unachievable, so far out there.*

*Like a glimpse of pure light. And nothing to gain from destroying us, the poor, except for having your self found some brand-new, just created, more than 10 000 enemies.*

*We thought that if it's possible to improve anything at all, from a global perspective, then you should certainly be willing to look at things from the perspective of the last People on Earth, so alone there to be, in what seems like a night mare, to day. Like some people alone in a last Ship there, on The High Sea. Just one small light on horizon, to guide them, to day. The hope of a life, of a good will, some day for us as well, to see.*

*As well, it's our good right, that's what aye here say, to achieve as a minimum justice the good right of ourselves to be part of a better humanity. So that includes as well our own family, in creating humans, shelter, work, home, and ancestry, as well we're respecting the good rights of others, in achieving, in creating some reasonably good, better Law, in good faith, on a better humanity. In achieving thousands of connections between we the people, what we need is a good, and well-defined culture. So please go ahead, as well! To be respected, it takes courage, need, and to plan for your own Target.*

*We are sailing, already, so be welcome to join us, or create what you need for your own family.*

..

## **Final Considerations.**

... .

*These AGB, Terms and Conditions (from 2020) are a first attempt to shorten, to slightly refine and improve the constitutional guidelines of The Basic Federal Law of my home Country on to a minimal improvement level. So please beware not to, unnecessarily, forfeit the good rights of your self, be same. That's how we see Understanding. First of all you have to clarify what's possible to improve in your own country. So we rather go with the Standard here instead of defining hundreds of artificial extra Rights and Wrongs for our customers.*

*Formally spoken, we hereby declare the AGB from 2016-2019 (<http://dynamic-applications.com/about/agb-2016-2019/>) to be part of these AGB, Terms and Conditions, for 5 more years, where necessary according to the Law.*

*You should not forfeit good rights of your neighbors, to be. So as well, we respect their values.*

*Formally spoken, The Basic Federal Law ('Verfassung') of The Federal Republic of Germany, in its original form, shall apply where ever these AGB, Terms and Conditions (from 2020) should be invalidated by a Court of the Federal Republic of Germany ('Amtsgericht', 'Landgericht', 'Oberlandesgericht'). So Public Law and order shall as well be respected on a fair and even basis, should there be no understanding on either side.*

*In case of formal letter from Dynamic Applications, we grant 3 x 14 days right of invalidation, for against honest, poor and upright of we people, thou shall not owe any debts. That's Invoice, Reminder and secondary Reminder with a 14-day right of consideration. After that, we'll assume you're proven intention.*

*The existence of Dynamic Applications was granted by Mrs. Friedemann, Ordnungsamt Leopoldshöhe. For your valued Feedback and Constructive Criticism, from July 2020, we provide this Feedback Form (<https://dynamions.files.wordpress.com/2020/07/2020.07.28-dynamic-applications-user-survey-agb-terms-and-conditions.pdf>). It shall serve an example on how to define a general feedback form in your very own institution, project or country, so as usual, it's declared under the Creative Commons (cc-by-sa) license.*

*This means that you are free to adapt it, under your own responsibility.*

*We are grateful to be mentioned by keeping a small note on our project, alike (cc-by-sa): please refer to [www.dynamic-applications.org](http://www.dynamic-applications.org), where applicable.*

*So that's what we have learned from having ridiculous accusations against our small project here, if i may say so in public. Some people who call themselves (part of a) government just thought we are void.*

Therefore, it shall be up to The Founder and all natural members of Dynamic Applications to decide upon whether to accept The Basic Federal Law of The Federal Republic of Germany, for ease of negotiation, or to bring up and rely to specific Paragraphs of This Amendment, in representing The Company in Person, in Court, where applicable, under same rights, under House right of my beloved parents. Details are elaborated in Section (III), in a more formal definition.

So that we are an honorable craftsmanship with Home and Family and so we are protected by basic Law (here esp. Art. 9 GG (3)), and aye can make honorable heritage as well for our own Family.

Considering that Dynamic Applications allows for professional Financial Projections of high value, this seems to us much like a reasonably decent, fairly estimated financial balance of company.

Keep in mind that any agreements with Lawyers strictly require an extra contract that should decide about responsibilities clearly and that such contract shall be considered valid only with written Signature of Martin Bernhardt of Dynamic Applications, or his natural (family) inheritors.

Apart from that, Lawyers are welcome to join us under the standard conditions of dna license.

Pacta sunt Servanda.

As well the Law shall protect you, the people around us, you are as well encouraged to defend Dynamic Applications with us, before the Law. As well as everyone shall be with us, if they want, who considered to go same way, and so have declared themselves same Participant (same before the Law), for their own House, Family and Project, Craftsmanship or Business, where and as far as applicable by and before the Law; however, as people can speak for themselves, it shall be up to every one and family to defend themselves, and so to operate their own business, independently. So that you are welcome to defend us, but you are not obligated to that.

There shall be no deceptive financial agreements, favoritism, partisanship, circular trade, tax cut or other intentional and illegal benefit towards or with us. Any agreements are provided basically for the use of Dynamic Applications as such, except as for defending basic human rights, altogether, which describes well the overall purpose of this project. So that we are to be seen as legally independent Startups, Projects, Business or Craftsmanships before the Law, each defending their own part of our hereby described common vision.

Single specific cooperations, projects, work orders, subcontracts, and Tasks for a more specific purpose shall be possible as long as they would not contradict these, our own AGB, Terms and Conditions, in an inappropriate way before the Law, or could forfeit our existence before the Law. So that we may share Tasks as desired and be paid each for our work time and contribution towards each other, as well as towards any other 3rd party or customer.

A recent copy of these AGB, Terms and Conditions (from 2020), as well the dna license, in PDF printout, shall be included with the acquisition of a Professional Software Product of Dynamic Applications for calculations and financial forecast in (x, y, t) for your personal security, with any Windows 10 App Store acquisition.

Finally, shall any specific clause in this declaration be or be ruled invalid, in Court, all remaining AGB, Terms and Conditions shall still be considered valid, as far as possible by Law.

In working towards defending basic Human Rights, Step by Step, and if it's just to be the Top 12 elementaries, a bit more Fairness on this Planet Earth shall be our common, global Target in this project (referring the UN Declaration of basic human rights [1](<https://www.un.org/en/universal-declaration-human-rights/>)), from 1948).

In pursuing that Target shall we work, we the people, providing our goods, altogether. So that every one shall take what they need, and so we all have some food for our families.

Dynamic Applications. Sharing Economy.  
Transparency. Privacy protection. chance. and Participation. our values.

So that's about it, the work of a lifetime, in a hope to remain, shall there be any purpose.

So it's Truth with us, unless Exception. The attempt counts, here we say. now i'll be happy if you will work on your own project, so that we can write our own small people's story, together.

And nobody shall have to read it, or ever be bound formally to these terms, unless you involve yourself in contract with Dynamic Applications, to be defended by Martin Bernhardt, as well as you shall be required to defend your own duties towards us, by public law.

Because in a Federal Basic Democracy, no one of we the People shall be above the Law. It's we the people who have created the Law, or there was no Law, in our country.
