

For everyone who finds this is just a Freeware so you don't have to care about what's forbidden here, so we agree upon a license fee of **100 000 Euro** for every person killed by a weapon constructed with, connected 2, or operated directly by this software, to be paid towards the United Nations (UN).

This reflects on the min value of **100 000 Euro** per person life that we assume a defendable value before the Law, resulting from 4 €/day (bread and water), that's 120 €/month, 1440 €/year, and 100 000 Euro per Life. Why do we have UN declaration of Human Rights, when it doesn't count where it's about your life. So that's our heritage, our cœur value. The cœur value of a man.

.. .

declaring a Network of helping hands.

Such heritage shall then be granted to every one age, on a **10 € per Person per Year** base is, free of charge, shall 1 Din A4 page pro claimed arrive United Nations, UNHCR debt, New York, United States. From this money they may take **10 €** and print a World Bank card upon.

Doesn't even need a chip, such card. So do we have a World Bank, yes or no. If we have it, they should be able to warrant that value, or it's not a World Bank.

And shall be nothing towards members of Dynamic Applications, except for the widow's rent, and the orphan's food. We prefer not to take any additional money from such people. But their license to operate this software shall be void, for a lifetime.

Formally, hereby we refer to art. 100 GG (2), art. 25 GG, art. 4 GG (1)(2) here in Germany, as well regarding **The Universal declaration of Human Rights [UN 1948 (<https://www.un.org/en/about-us/universal-declaration-of-human-rights>)]**, (i) to (vi), (vi) to (xii). Warranted here your Formal Existence in Court, as well your right of Food, Home and Family.

Therefore, shall any one take Your own Home, Faith, or Family away, declare you insane, mad or homeless without substantial proof or justification, or declare void your marriage, husband, wife, or your own children's care, so shall you be defended with **25 000 Euro** before Law.

That's 1000 hours of your own life time, at 25 Euro per hour, as it may be offered by any member voluntarily, on choice, with no obligation but agreement of the victim, self. It shall be up to everyone to agree on efforts and refund in detail on a fair and even basis.

In warranting the most basic democratic value, justice, we say that Court shall pay you out.

So may you as well bring these conditions before any Court, in for your own part representing We the people, defended by the license, AGB, Terms and Conditions of Dynamic Applications.

As you shall be seen hereby, as well, a person of value, signed.

.. .

Pacta sunt Servanda.

.. .

At Dynamic Applications,
our values are Transparency, Privacy Protection, chance, and Participation.

Shall any one of us defend the Promise of Dynamic Applications, shall any one be given food, chance, home and family, and be the lucky self, as well. So shall we try to change the world to the better, altogether. The attempt counts, here we say.

To be respected as an honorable man, at Dynamic Applications, it shall be expected you were willing to serve one person on the planet by 1000 hours, self, a lifetime, minimum. So that you have not lived your life just on the people's back, completely. We think that's fair enough, demand.

However, shall you ever deny to help a person in need, so shall you accept that people may be talking bad behind your back, about it. That's because you are no longer assumed to be an honorable man. By accepting this license, You hereby agree not to sue a person in court, ever, then, just for that. So that you've shown a minimum agreement to our values, before the Law. So you shall not waste Tax payer's budget, work and life time just for the people's opinion. Instead, you are as well expected to make your self a good name, self, as we are here.

Keep in mind that no one shall be obligated to follow any of these predefined conditions, exactly. You are invited to take what may serve you, and refer to it where ever you want, for your own purpose, on your own risk, on the Court of Justice of your Neighborhood, for your own defense.

Instead, the hereby declared Network of helping hands shall serve as a well-known reference contract that you may rely upon in times of need anytime, without specific obligation towards Dynamic Applications. To defend it, professionally, you're just kind of expected to acquire one shareware, from 99 ct, from one year of activation, or should you ever make use of our contract, this way. Keep in mind that the Judge may also want to take a look at this passage, when it's about are you an honorable man, or not, so can you make use of the contract, or not, today. That's why they have invented the Protocol, at Court, you know. So in case you don't have any money with you, and since there's always day two, even on that very lonely day, it may be time to confess to our network, in the Spirit of The Sharing Economy. Ask the Judge, please, can you, should you pay for that Shareware tomorrow, where nothing else. Judges know how to advice such people. So if you have a good Judge, and the Judge has a good day, it's always worth a try.

The contract is valid by activation. but ask the Judge, when looking for help. Just my 2 ct.

So in case that one day, destiny should hit you, suddenly, so you find your self locked up in hospital, in an old people's home, or any other place, against your will, then, this contract shall serve as a well-known patient's healthcare provision that you may or may not rely upon, where nothing else, as desired, and as you prefer, self, for a lifetime. So that there's any hope.

So if you remember, you can tell people about it, they can join in, and you can defend it, together. Print out this page and have it with you. We think it's a fair enough contract, to consider.

Freeware developers also love to have our own belief in this world, you know.
